

 DaVinci
Custom Fireplaces™

aVinci Custom Fireplaces™

The most innovative and unique fireplaces ever made

DaVinci is a fusion of fire and iconic, contemporary design – The epitome of the perfect decorative, non-heating custom gas fireplace in all areas of design, innovation and functionality. With DaVinci, there are no design limitations.

The breathtaking beauty and style of a DaVinci Custom Fireplace will create a dramatic focal point in any room. A sleek, contemporary profile features an all-glass viewing area that surrounds a ribbon of rich, dancing flames. DaVinci's signature fire presentation draws you in with its striking presence of mesmerizing flames over a bed of Platinum reflective crushed glass with adjustable vibrant multi-color LED lighting.

Watch a short video on how DaVinci Custom Fireplaces are made.

Safe Touch Glass and Zero Clearance To Combustible Surfaces

Your safety is our number one concern. Innovative engineering keeps our double-pane, crystal clear glass at extraordinarily low temperatures, completely eliminating any potential for injury.

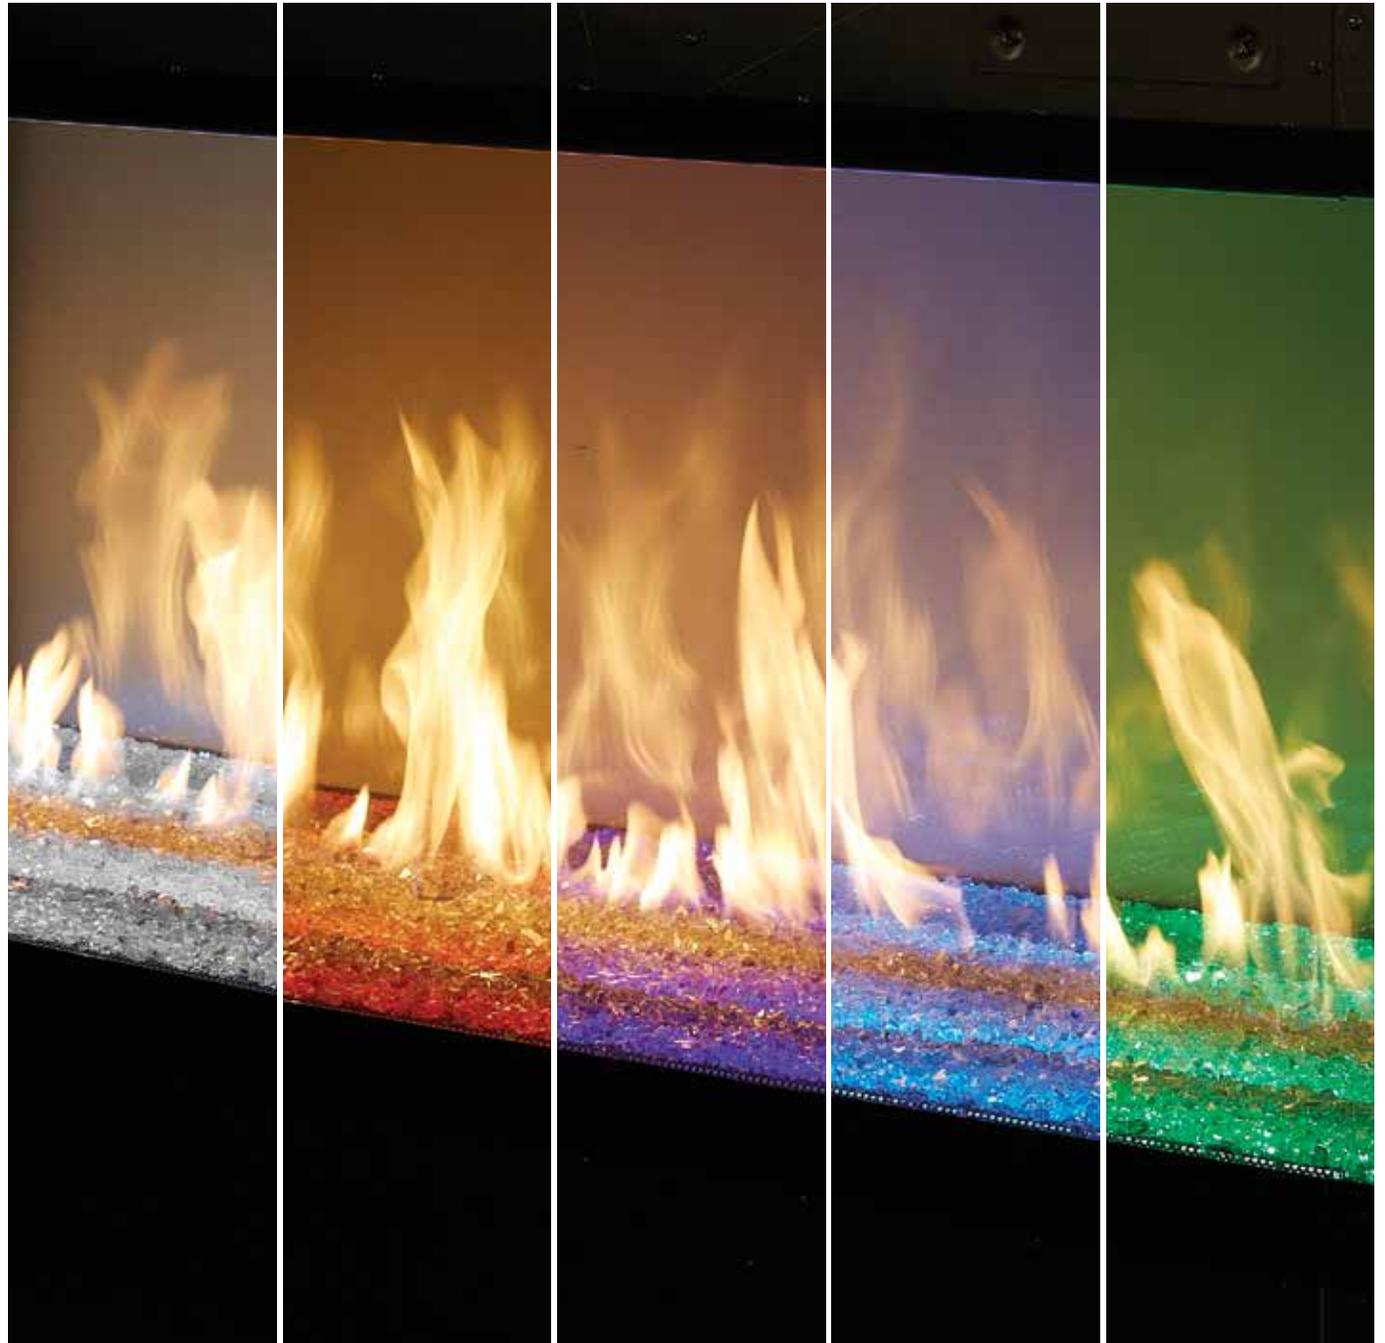

This standard safety feature on every DaVinci Custom Fireplace makes them ideal for decorative home applications and high traffic commercial installations.

All steel fireplace surfaces can be in direct contact with combustible materials.

M Multi-Colored Interior LED Lighting

DaVinci's Platinum crushed glass floor is under-lit with vibrant colored LED lights that take this fireplace to a whole new level when illuminated. An endless array of vivid colors is at your fingertips, allowing you to set the mood and create the perfect ambiance for any occasion. The burst of color adds a mesmerizing glow around the flames and reflects off the crushed glass floor to create a dramatic presentation of fire unlike anything you've ever seen.

Features

- Winner of the prestigious Hearth Industry VESTA Award for Best New Gas Fireplace in North America for 2014.

- Manufacturing is extremely efficient, cutting lead times down to 4-6 weeks, which is half of the custom fireplace industry standard!
- 14,500 BTUs per foot input.
- 100s of individual custom fireplace designs to choose from.
 - Choose either 12" or 20" glass height.
 - 3 to 21 foot lengths
 - 7 Fireplace Designs:
 - Single-Sided Fireplaces
 - Right Corner Fireplaces
 - Left Corner Fireplaces
 - See-Thru Fireplaces
 - Bay Window Fireplaces
 - Pier Fireplaces
 - Island Fireplaces
- Platinum reflective crushed glass floor included.
- Choice of Liners:
 - Black Paint Finish
 - Silver Paint Finish
 - Black Porcelain Enamel

- Fire Art log set options.
- Manufactured in Mukilteo, WA by Travis Industries, North America's premier manufacturer of hearth products.
- Innovative modular design makes DaVinci the Easiest Custom Fireplace to deliver and install at the job-site.
- Zero clearance to combustible surfaces: The metal surfaces and the fireplace's exterior remain cool to the touch from the outside air that is ducted to the fireplace. This eliminates the use of expensive non-combustible building materials and gives you the freedom to finish right up to the edge of the glass with any building materials you desire.
- Non-heater decorative fireplace rated. Tested and approved to; ANSI Z21.50b-2014 / CSA 2.22b-2014

66" Inch Left Corner fireplace with 12" tall glass

venting

All DaVinci Custom Fireplaces are power vented. A quiet power vent exhaust system pulls combustion air into and around the fireplace while at the same time exhausting combustion gases through the exhaust vent and out of the building. This system solves all venting challenges and allows you to feature a DaVinci fireplace that can be installed anywhere your imagination pictures it.

We offer the choice of an Exterior Mounted Power Exhaust Fan or an In-line Exhaust Fan located inside the building structure, and terminating on the building exterior with flush, metal grills.

60 inch Single-Sided fireplace with 12" tall glass and optional Fire Art log set

Single-Sided

6 Foot - 72 Inch W x 20 Inch T

Custom Designed Linear Fireplaces - From 36 to 252 inches in length!

126 Inch Left Corner Fireplace with 12" tall glass

DaVinci Custom Fireplaces offer the architect and designer the ability to custom order a fireplace in seven design categories up to 252 inches (21 feet) in length.

These custom fireplaces are ideal for large commercial applications such as hotels, casinos, restaurants and other large scale commercial or residential projects looking for standout, yet safe fire features.

These fireplaces ship as fully assembled modular segments which are then connected at the jobsite with our laser guided track system.

Depending on vent runs, these fireplaces may require multiple power vent systems and multiple air intakes.
